

**Environmental Management System Document**

Document Ref. EMD002	Revision Date: 7 <sup>th</sup> August 2007	Version No. 1
Procedure Title: <b>Environmental Policy</b>		

**Environmental Policy**

Resdev Ltd produces a comprehensive range of high performance resin flooring systems, utilising both epoxy and polyurethane formulations. We recognise that the processes we operate and the products we sell can have direct and indirect impacts on the environment and that we have a responsibility to minimise these environmental impacts.

Resdev is committed to:

- Reducing waste
- Maximising the efficient use of energy and water
- Preventing the possibility of pollution
- Complying with all applicable environmental legislation and other requirements to which the company subscribes, and
- Continual improvement in its environmental performance

Resdev aims to achieve these commitments by:

- Establishing an environmental management system to the requirements of the International Standard ISO 14001:2004.
- Setting and monitoring targets aimed at improving the company's environmental performance.
- Liaising with suppliers, sub-contractors and customers to encourage the adoption of environmentally responsible practices.

This policy is endorsed by the Managing Director of Resdev. This policy is publicly available on demand.

Signed By:

Nick Wright (Managing Director, Resdev)
