

Mozaico Elegance Colour Chart

Mozaico Elegance is an epoxy resin based seamless terrazzo style flooring system with a neutral off white background, using coloured and clear glass in a tonal blend of individually produced colours to provide a sophisticated hue. The recycled glass is combined with a resin matrix to ensure that the finished floor is complementary or offers a stylish contrast to coordinate with design led specifications.

Available in a range of 4 colour combinations as standard, Mozaico Elegance is a graceful and innovative option for prestige commercial applications with the added advantage of a heavy duty, seamless and hygienic finish.

Messina

Uccello

Dante

Cipriani

Some colours in some systems can be affected by UV light over time. Non standard colours are available on request. The colours shown may differ from the original product due to reprographic and technological media variations. The same colour in different products may also vary due to the composition and texture of the final finish. If colour and final aesthetics are of concern, please contact us to request an actual sample of the colour and system required.
