

# Mozaico Inspiration Colour Chart

Mozaico Inspiration is an epoxy resin based seamless terrazzo style flooring with the addition of recycled mirrored glass and mother of pearl. An exciting range of contemporary and appealing coloured resins opens up endless application possibilities in modern developments where the floor can play a starring role within the design of a building.

The mother of pearl and mirrored glass amalgamation is blended specifically to enhance the finish and colour of the floor whilst it remains characteristically durable and able to withstand the rigours of a heavily trafficked environment.

Some colours in some systems can be affected by UV light over time. Non standard colours are available on request. The colours shown may differ from the original product due to reprographic and technological media variations. The same colour in different products may also vary due to the composition and texture of the final finish. If colour and final aesthetics are of concern, please contact us to request an actual sample of the colour and system required.
